

E-LEN: a network of E-learning centers

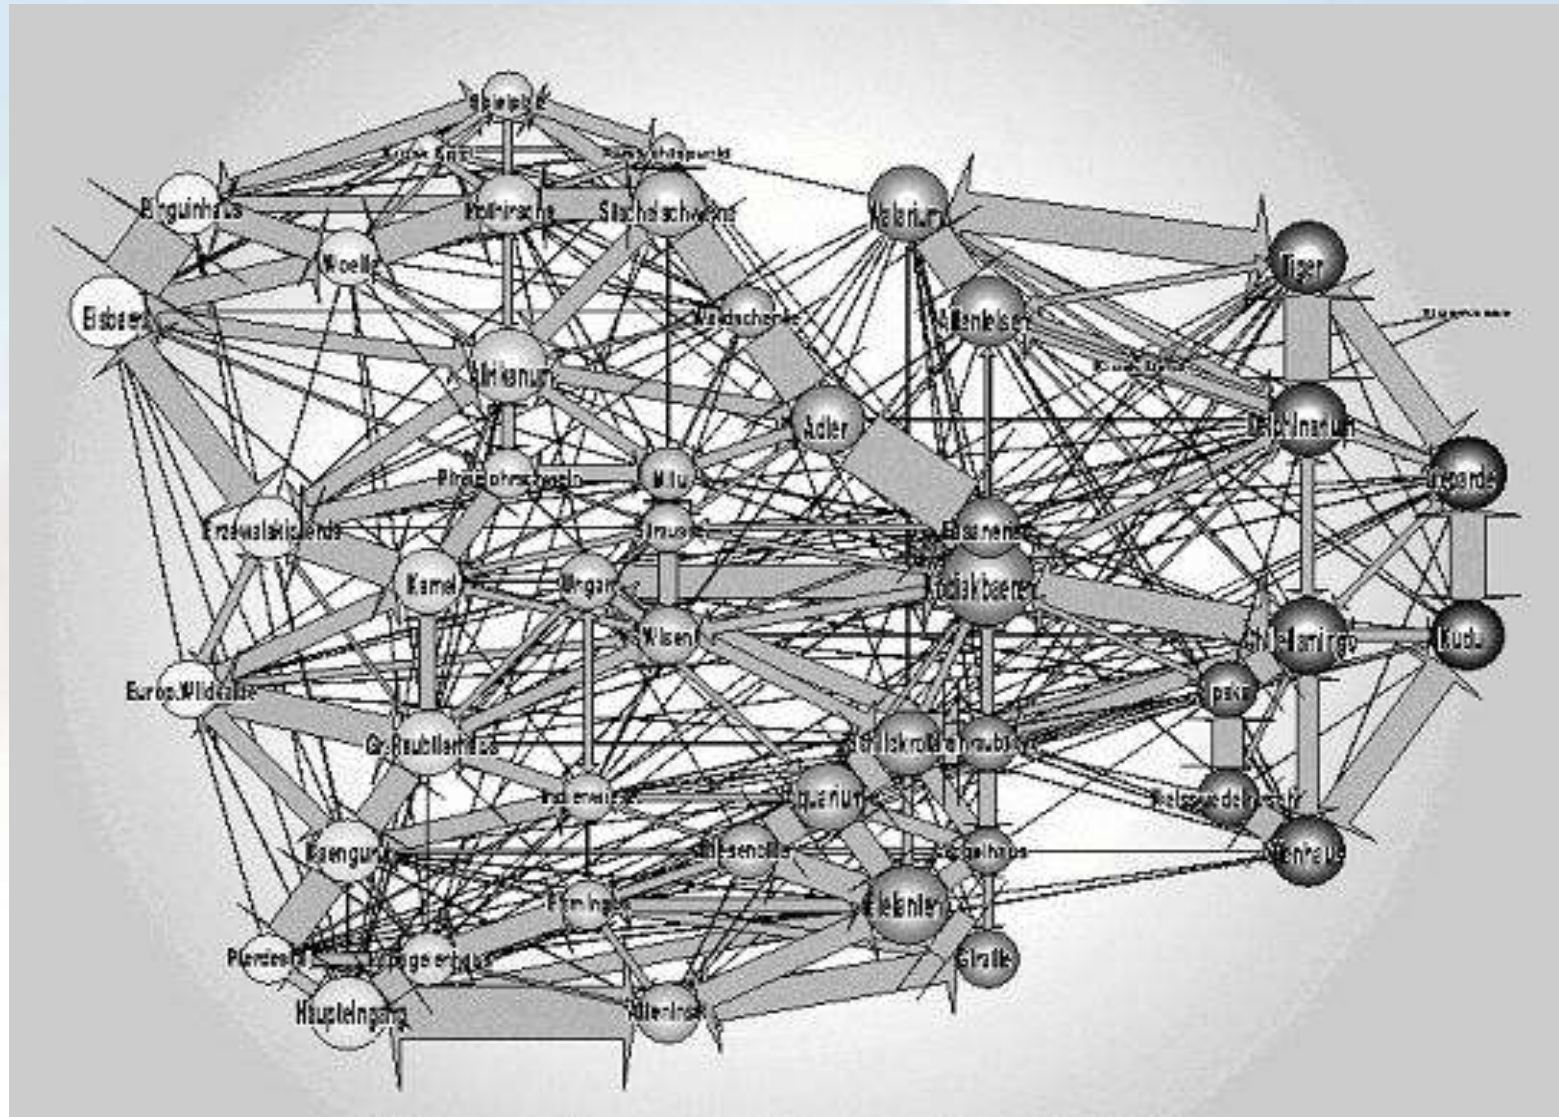

What' s it all about?

Ellen Rusman

Educational technology expertise centre

OpenUniversiteitNederland

Out of ROMA-projectplan of DTP programme: A map of the frequencies of paths over 500 visitors have followed at Duisburg Zoo. The nodes are the animal locations, the size of the spheres gives the number of visits

Overview

- Aim of project
- OTEC's task
- Design pattern
- Progress
- Explore with us..

Aim of project

European context

- Researching centres for e-learning
- Exchange of knowledge on e-learning between European institutions

OTEC-context

- Use of expertise
- Financial
- Building of (expertise) network within Europe

What's Otec's task?

WP3:

- Production of e-learning design patterns and research roadmaps by:
 - Organisation and support of special interest groups (SIGs)
 - Survey of existing documentation on e-learning theme's
- participation in project management and dissemination activities

=> Shared responsibility with Maastricht Learning Lab

What's a design pattern?

Design patterns provide a structure for integrating the analysis and solution of a problem, in a way that is sensitive to context and informed by theory and evidence.

We focus on detection and description of ***solved*** and ***unsolved*** problems

Progress

- Format for design patterns
- Agreement on 4 SIG-topics
- Environment for SIG Collaboration
- Formation of SIG's
- Discussion (modest) on topic's within SIG's
